Military Veterans Resource Center to host veterans career workshop on June 11

DAYTON, Ohio (May 20, 2015) – Military Veterans Resource Center invites job seeking veterans and spouses to attend a Veterans Career Workshop on Thursday, June 11. The workshop is free for participants and will take place at the Volunteers of America of Greater Ohio’s Veterans Resource Center, located on the VA Medical Center Campus at 4100 W. Third St., Building 400. It will run from 10 a.m. to 3 p.m., with lunch included.

“The career workshop is an opportunity for veterans to build their job search skills and practice translating their military accomplishments for civilian employers,” said MVRC Executive Director Len Proper. “Many past participants have received interview invitations soon after completing the workshop.”

The workshop will include individual career assessments, a resume session, a mock interview session and a one-on-one consultation with a MVRC Veterans Services Specialist. If veterans have a resume, they should bring it, as they will spend time revising their current resume or developing a new one.

Participants must pre-register by contacting Kelley Koons at 937-329-9559 or kelley.koons@milvetsrc.org. The workshop has limited seating, so call today to be sure of a spot!

Military Veterans Resource Center’s mission is to provide comprehensive services and information that enables veterans who served honorably to become self-reliant in managing career and life decisions. MVRC is based in Columbus and operates five centers throughout Ohio. For additional information, please visit www.milvetsrc.org.
