Veterans Career Workshop set for Wednesday, March 25

DAYTON, Ohio (Feb. 10, 2015) – Military Veterans Resource Center invites job seeking veterans to attend a Veterans Career Workshop on Wednesday, March 25. Veterans Service Specialists will help vets improve their job search skills and teach them to become more competitive candidates. This event is free of charge and will take place at the Dayton Volunteers of America office, located on the VA Medical Center Campus at 4100 W. Third St., Building 400. It will run from 10 a.m. to 3 p.m.

“We’ll work with vets one-on-one and make sure they’re prepared to communicate their skills and experiences to civilian employers,” said MVRC Executive Director Len Proper. “Many past participants have received interview invitations and job offers soon after completing the workshop.”

Veterans who already have resumes should bring them, as they will spend time revising their current resume or writing a new one. Veterans Service Specialists will also conduct mock interview sessions and help the participants improve their interview skills.

Participants must pre-register by contacting Veterans Service Specialist Kelley Koons at 937-329-9559, or kelley.koons@milvetsrc.org. Seating for this workshop is limited, so call today to be sure of a seat!

Military Veterans Resource Center provides comprehensive services and information that enables veterans who served honorably to become self-reliant in managing career and life decisions. MVRC is a non-profit organization based in Columbus and operates six centers throughout Ohio. For additional information, please visit www.milvetsrc.org.
